

# Take the Clean Air Pledge

---

*On my honor,  
I pledge to do my share  
To keep my city's air clean and clear.*

*I promise to reduce air pollution from cars  
By sharing rides to school,  
Taking the bus or train and  
Bicycling and walking whenever I can.*

*I promise to recycle paper, metal, glass and plastic,  
Turn off the lights, TV and stereo when I am not using them.  
I will plant a tree and use a rake or broom instead of  
polluting gas equipment when I am helping with yard work.*

*I also pledge to remind my family and friends  
That we are the solution to pollution,  
To help everyone breathe easier.*
